lecture
well, what should have been a discussion was a lecture. it was fine. there wasn't a lot of incentive to do the reading.
Class discussion was less lively than I would've hoped and essay assignments were less argument focused than I hoped but Prof. Santner's expertise and the texts themselves were excellent

talk less listen more
Discussion less open ended, would be good to have questions prepared and spark class discussion

easy enough
Professor Santner is incredible. The course readings of Self in general are obviously very interesting, and Santner does a great job facilitating interesting discussion and making the subject accessible. I'm going to miss it next year!!
