The readings and exercises were interesting and well-suited to the course content, but a lot of the audio is terrible quality to the point where I comprehended much less than in an in-person conversation.

Overall, would you say you had a good instructor?

Did taking this course improve your language skills significantly?

How would you improve this course?

Comments

We do not practice any of the skills in class and my instructor would get angry at us for not having practiced at home, even though that was never outlined as an expectation

In what way?

Comments

My listening comprehension and speaking confidence is much better

Would you recommend this class to another student?
