Comments
Learning to read complicated texts quickly with maximal understanding of the logical connections drawn by the authors.
Grasping the main arguments of a book

Describe how aspects of this course (lectures, discussions, labs, assignments, etc.) contributed to your learning.

Comments
Lectures were used to make sure students understood the readings, discussion posts forced students to pick a small subset of the reading and develop it, and assignments asked students to put the understanding developed from these two fascits into coherent argument.
I enjoyed the classes a lot! The professor's short lectures at the start were always helpful, and I enjoyed the class discussion component as well!
