**What are the most important things that you learned in this course? Please reflect on the knowledge and skills you gained.**

Comments
This quarter I learned about the mind in context and how culture influences how the mind is shaped.
Contextual influences on the mind
the mind in context
This quarter culminated many of the topics we learned in previous quarters, presenting the theme of "the mind in context." Each weekly lecture was fascinating, and I appreciated the engaging and robust discussions led by professor Levine each week. I also found the final research paper a great application of this knowledge, proving to be quite integrative of many of these topics mentioned throughout the year.

**Describe how aspects of this course (lectures, discussions, labs, assignments, etc.) contributed to your learning.**

Comments
i like the lecture and discussion section format. this way we get background on the topic and then have the opportunity to discuss it in class.
Lectures were very helpful
lectures were great as usual. better than Q2 in my opinion. Prof Levine was awesome!!
The lectures were great, I appreciate how specialized each one was to a particular "context." I enjoy the structure of mind, where a new professor gives an independently prepared presentation each week.
