Were you satisfied with the materials (texts, audios, videos, exercises, etc.)?

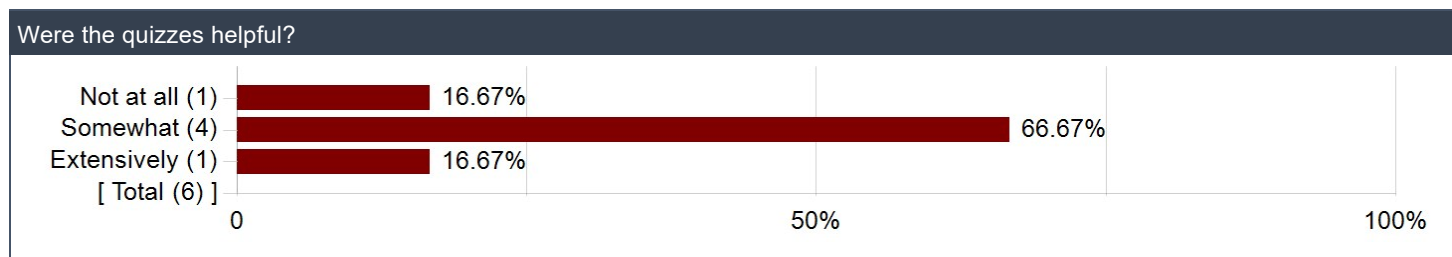

Please explain:

Comments
My only complaint is that the recordings from the textbook were extremely fast. Though this was no fault of the professor.
There is a LOT of busy work in this class and it is very annoying
It was fine. I didnt really like the blink learning or lingua meetings because they didn't help me learn anything.
The supplemental exercises we did in class were crucial to my learning.

What did you learn about culture through language?

Comments
Not useful
not very helpful
I found the cultural activities very helpful because they put everything we were learning into perspective. Instead of thinking of the material as words on a page, it helped me realize the broader significance

Overall, would you say you had a good instructor?

Eduardo Leão did an excellent job of teaching the subtleties and ways of speaking the language that greatly enhanced my learning and comprehension of the language. Definitely my favorite of the three different professors I have had for 101, 102, and 103.
Eduardo was a great prof and always super engaging. Made time for all of us and answered any questions he was nice and open to explaining things.
Professor Leao was an excellent instructor. He was very understanding, easy to reach outside of class, and gave great feedback.
Nice guy, but I have had better teachers within the language department

Did taking this course improve your language skills significantly?

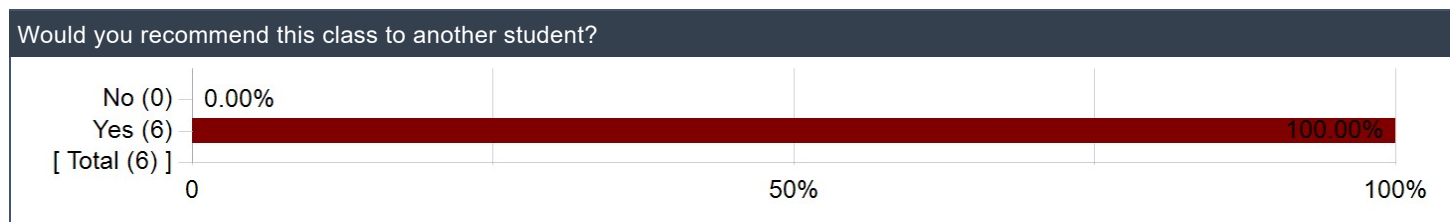

How would you improve this course?

Please get rid of all of the busy work. It's super annoying
more speaking but not on zoom. i think it would be nice to have a partner to have weekly in person conversations with.
I would probably reduce the weekly homework Blink activities. Some were helpful but a lot of them felt tedious.

In what way?

I ultimately learned how to build complex sentences and convey more complex ideas, leading to fluency.
