## Were you satisfied with the materials (texts, audios, videos, exercises, etc.)?

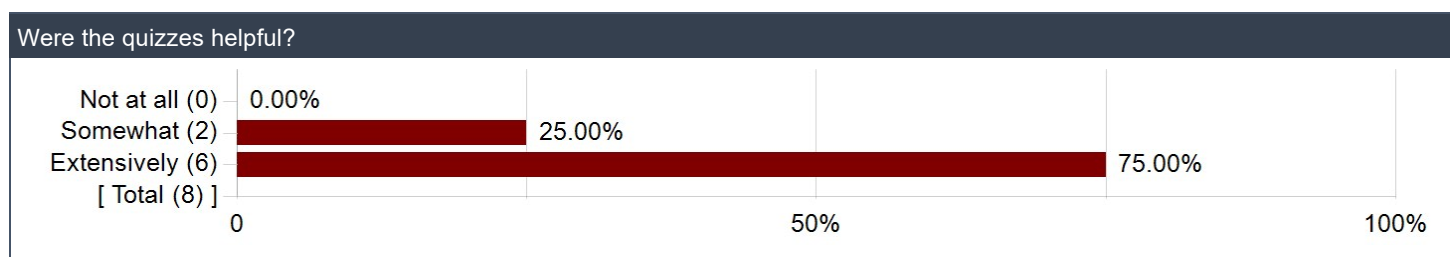

## Please explain:

Comments
super
there was a plethora of materials and practice for us to use to reinforce our knowledge if in class time or required assignments didn't suffice.

## What did you learn about culture through language?

Comments
I appreciated that the course had a francophone emphasis instead of portraying the ways French is used in France.
There were cultural activities where we watched France movies/television shows.
present and past forms, weather, films, spots, etc
seeing the examples of native speakers and engaging through talkabroad provided a nice perspective into different francophone cultures.

## If Discussion Board/Blog Tools were used in your course, how useful did you find them?

Comments
They were fine. The activities we had to do for the discussion board was more helpful.
Discussion boards about cultural activities were interesting.
super
we used them to discuss cultural activities. i think it's a good part of the course to have students engage with the culture behind the language.
They were fun and different

## How useful did you find the required out of class aural/oral activities (e.g. cultural activities, conversational practice, activities of your choice, films, etc.)?

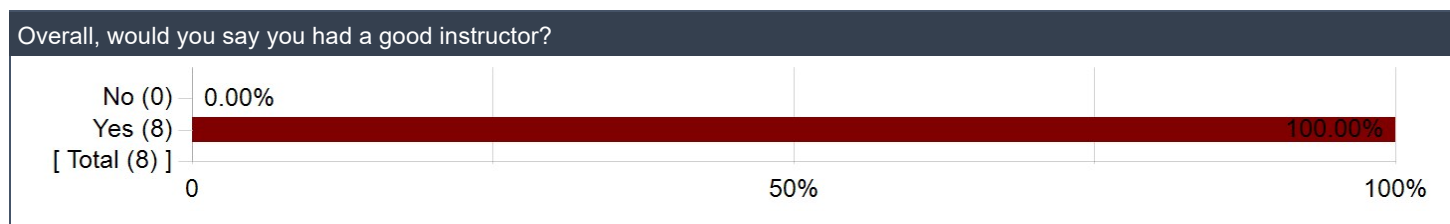

Comments
It was very helpful to have to converse with others outside of class. It gave students the opportunity to see what was being learned in the classroom brought into the real world.
They definitely enhanced my French speaking/understanding abilities.
super
i really enjoyed the talkabroads! it gave me the chance to practice what i learned in class in a semi realistic setting. i was really proud of how much i grew over the quarter.
The oral were also stressfull but important to know where you have improvement and whatnot

Dr. Berg was very friendly and helpful during class and outside of class. I did not worry whether she would respond back to my emails. Her feedback was clear as well.
Prof. Berg was super supportive and patient!
madame berg was really really excellent. she explained all the concepts really clearly. i followed along with all of her french explanations, and she had an excellent sense of when to pivot to english to explain some concept. her feedback on videos and redactions were really helpful and comprehensive. sometimes in class she discussed some "slang-ish" things that were fun (e.g., saying "bien fait" when someone's bad karma catches up to them)
Professor Marie Berg is wonderful. I never had the chance to go to office hours but she really cared about people in class and how well you were understanding the material.
