Did the instructor follow the text closely?

Comments
We learned out of the textbook at all times. Ordinarily, this would be mind-numbing; however, the instructor's personal ability and the video/audio resources also provided as part of the textbook ensured a consistently engaging class experience that I always looked forward to attending.
Mark was great! He used the textbook but not in a way that was boring or dry.

Was the vocabulary useful?

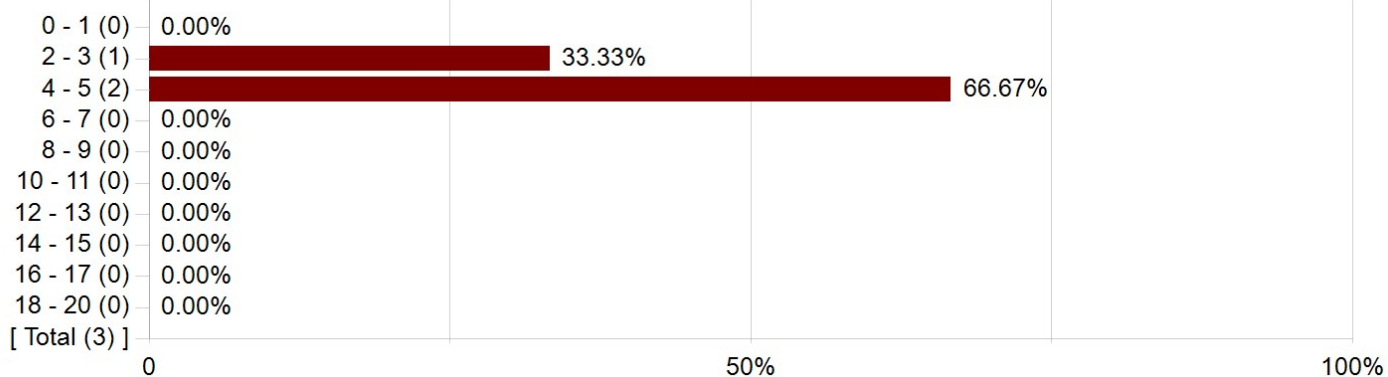

Describe the format of the class (lecture, drills, etc.). Was this format productive? Please be specific.

Comments	
Each class revolved around a select few pages out of the textbook that usually contained a singular or sometimes two concepts that would be focused on for the entirety of the class. I felt as though this was productive and that I learned quickly.	
It was good to have class five days a week. However, I think the class should just be described as having five meeting times a week on preregistration though, as there isn't much of a difference between the class sections and described "drill section." This would also make scheduling easier.

Mark was great!

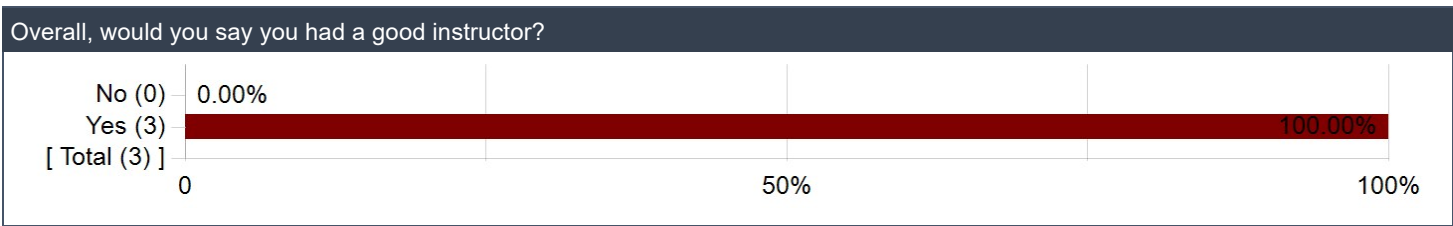

Were cultural units included?

Were they interesting or helpful?

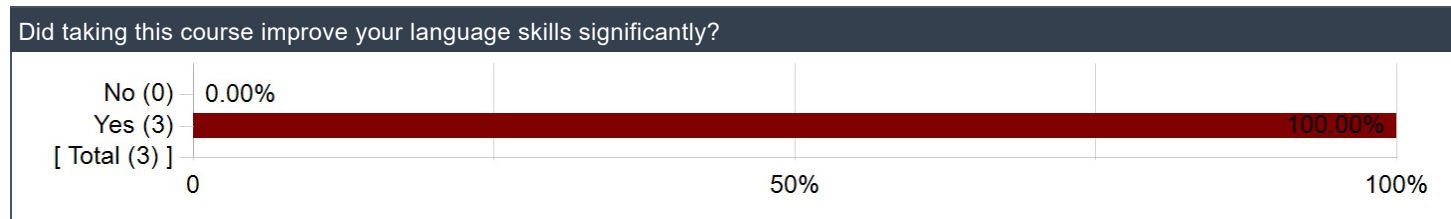

Overall, would you say you had a good instructor?

Why?

Comments
Professor Baugher was excellent.
Mark clearly explained all topics and also made the class very interesting (something that is often hard at the introductory level!).

Did taking this course improve your language skills significantly?

In what way?

Comments
I can speak, read, and write elementary Russian now.
I went from not speaking Russian at all to having a basic vocabulary and grammatical understanding in a quarter.

Would you recommend this class to another student?
