Were you satisfied with the materials (texts, audios, videos, exercises, etc.)?

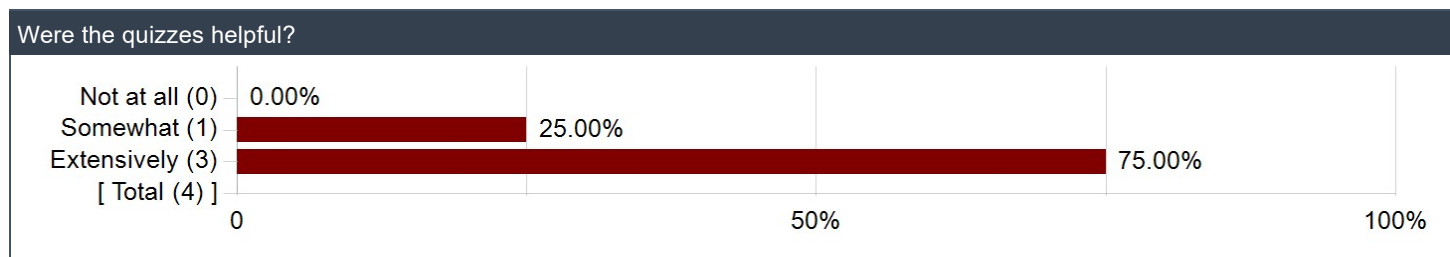

Please explain:

Comments
some of the textbook assignments were confusing
The new software we used called BlinkLearning helped in practice with our vocabulary but the assignments were very confusing, Also the canvas was hard to navigate
Blink learning gave us a lot of trouble as a platform but the actual activities on it were good
A lot of things were helpful but the gap in pronunciation from class and the audio recordings made them hard to listen to, ignoring the multitude of words they use that we never learned

What did you learn about culture through language?

about the different latin american cities
i learned about housing in different parts of hispanic communities throughout the world.

If Discussion Board/Blog Tools were used in your course, how useful did you find them?

Comments
NA

How useful did you find the required out of class aural/oral activities (e.g. cultural activities, conversational practice, activities of your choice, films, etc.)?

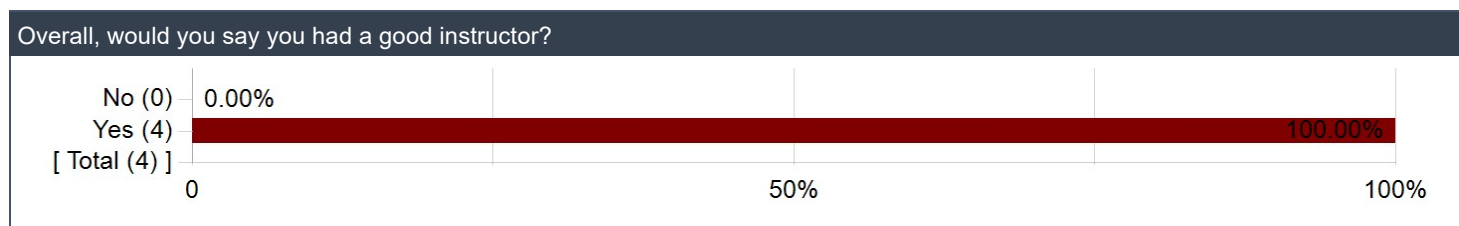

Comments
They were fine but I was constantly confused what I was supposed to do.
I thought the oral activities were very helpful because it prepared us to speak more fluidly and not like a robot.
They were solid; they really helped me learn the language
