**What are the most important things that you learned in this course? Please reflect on the knowledge and skills you gained.**

Comments
I probably took the most away about Freud.
How different religions interpret evil and try to overcome it.

**Describe how aspects of this course (lectures, discussions, labs, assignments, etc.) contributed to your learning.**

Comments
The essays were really helpful to dive deeper into the readings and relate the texts to our modern world. Lectures and discussions were not really helpful at all.
Seminars and papers contributed most, allowing for a lot of critical thinking.

Leading class discussions

**What could the instructor modify to help you learn more?**

Comments
Be more prepared on how to lead discussions and provide more context about the texts before we read them to help us comprehend what is occurring.
I felt as though there was not a lot of incentive to do all of the readings; if you did just part of one or two of the readings, every 2 weeks, that was sufficient to get a good grade in the class. To increase class participation (since more people participate when they actually do the readings), I would increase the amount of required discussion posts.
