Please explain:

Comments
lots of different materials
They were quite helpful as they improved my speaking and comprehension skills.
The exercises in class were helpful and the Connects were manageable. I also liked the optional adaptive learning on Connect and that you could check the homework before submitting.

What did you learn about culture through language?

Comments
phrases you wouldn't get from a textbook
I learned about various crisis in Latin American countries.

I actually really enjoyed this class. I was not really looking forward to take Spanish this quarter but I found this class to be very functional. I learned as much Spanish as I probably wanted to realistically learn.

Overall, would you say you had a good instructor?

Please explain:

Comments
The instructor was very helpful and always had office hours to make sure students could review concepts they were unsure about.
good professor but hoped for more office hours
Professor Rabinovich took the time to explain things thoroughly, was very approachable and allowed ample time for me to finish assignments.
He is very encouraging and corrects grammar/vocab without being mean. The attendance policy is a bit strict as being absent for any reason deducts on participation which I did not know

Did taking this course improve your language skills significantly?

How would you improve this course?

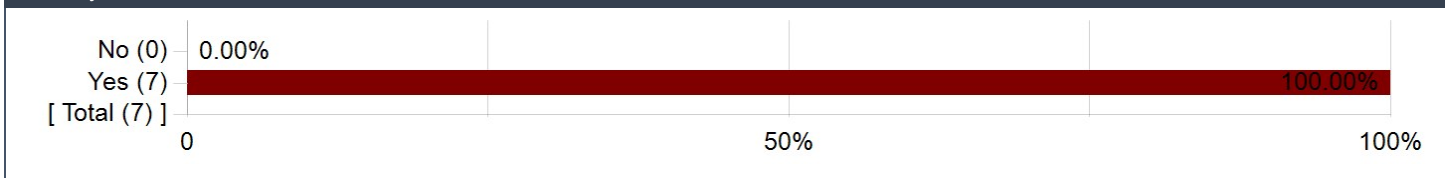

Comments
I feel that some of the writing assignments were a lot especially with the talk abroad summaries.
there are a lot of assignments and this class overwhelmed me relatively more than other courses this quarter
N/A
I would emphasize speaking more with proper grammar/being able to conjugate on the spot out loud as it was something I struggled with
I think speaking could have been stressed more during class. Attendance policy is a little harsh, especially if people are sick.

In what way?

Comments
I would say that I just improved grammar and writing wise.
grammar stress
My fluidity improved
I can read better and listen more comfortably. I also know more ways to conjugate and vocabulary

Would you recommend this class to another student?

Would you recommend this class to another student?

Why?

Comments

yes, but be wary of spending a lot of time outside of class preparing/doing homework/exercises/talk abroads/ etc

It is very good for students who took AP Spanish and are just looking to fulfill the course requirement but also gain a bit of language skills.

Prof Rabinovich is fair with grading and the expectations are quite clear. It is an enjoyable class as we talk about interesting topics, just in Spanish
