Were you satisfied with the materials (texts, audios, videos, exercises, etc.)?

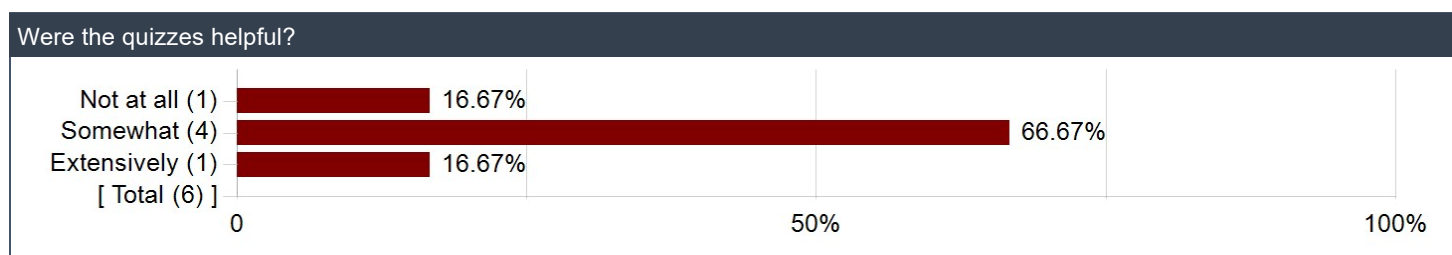

Please explain:

Comments
Some exercises on the online platform included information not in the textbook / class
The BlinkLearning videos were solid, matching onto the course material very closely.

What did you learn about culture through language?

Comments
I learned a lot about how Spanish speakers contextualize the past.
Not too much, but this class did expose me to different cultures around Latin America and around Chicago.
A lot of the readings were about Spanish– speaking culture which was interesting

Were the quizzes helpful?

How helpful were the various types of homework?

Comments
Very
They were useful for practice and fairly fun to be a part of.

Overall, would you say you had a good instructor?

Please explain:

Comments
Our instructor was very nice, but class-time did not feel useful. By going through textbook exercises in the manner we did, nothing was gained between doing them in class and doing them at home. There was also no teaching done outside of the direct textbook material
I had Ely as a prof for two quarters. She was always very kind and understanding and brought lots of energy with her to class.
She is super nice and understanding, wants to help you learn and succeed.

Did taking this course improve your language skills significantly?

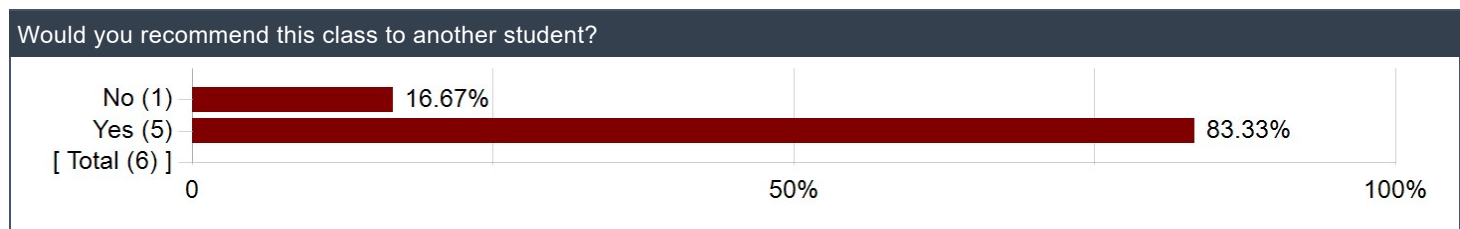

How would you improve this course?

Comments
More spacing between chapters
Maybe alter the cultural experience to be some kind of in-class experience. I think people would get more out of things if they did them with their peers and instructor.
There is a lot of busy work, and it's a little hard to know when everything is due.

In what way?

Comments
I know how to reference the past now and my vocab also improved
Refreshed my speaking, listening, and writing abilities.
I'm a better overall Spanish speaker, listener, and reader

Would you recommend this class to another student?

Why?

Comments
It's very tolerable
A very solid introduction to the Spanish language.
