Were you satisfied with the materials (texts, audios, videos, exercises, etc.)?

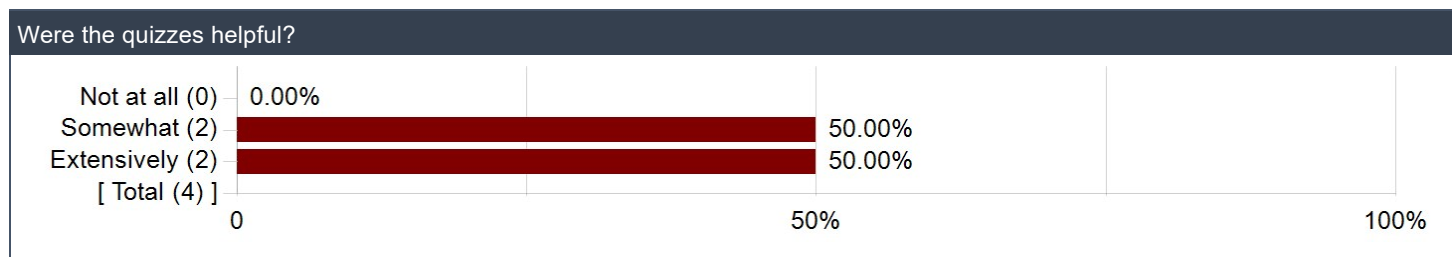

Please explain:

Comments
Balance of the 4.
I was stuffed with the materials presented in this class. All of the activities done enhanced and bettered my speaking, reading, and listening skills.

What did you learn about culture through language?

Comments
Multiple cultural experiences.
What I learned about culture through language is so much. We learned a lot about different areas of South America (Spanish speaking countries) throughout each chapter we reviewed and it helped with not only understanding the chapter more, but also understand the language culturally and in a significant way.

Were the quizzes helpful?

How helpful were the various types of homework?

If Discussion Board/Blog Tools were used in your course, how useful did you find them?

Comments
N/A

How useful did you find the required out of class aural/oral activities (e.g. cultural activities, conversational practice, activities of your choice, films, etc.)?

Comments
Somewhat.
These activities were very helpful. It forces you to practice the language outside of class because the only way to truly learn a language is to practice, practice, and practice.
The meetings with native speakers helped polish my speaking, but I didn't find them very helpful besides that. The cultural activities weren't helpful either.

Professor Segura is great. Even though I had this class at 8:30am, she still made the class very engaging and fun for her students. She is very understanding if you just communicate to her about certain things like if you missed an assignment or an exam, etc..

Comprehension and speaking

This course improved my language skills in the vocabulary aspect of things when communicating with others in Spanish. SPAN 10100 was already 9 weeks in which I improved a lot, but this quarter really shows the progress I have made. I can even see improvement in when I talk to my peers in Spanish or when I volunteer at the hospital, I am able to speak to patients or patient's parents in Spanish if Spanish is their first language. Seeing the growth is satisfying and even if it feels like you are not improving, you are each day.

Good course

Professor Segura is so nice and sweet and I will say she speaks pretty fast, but I feel like over time, you will get the hang of generally what she is saying and if you don't understand, my advice is to observe how she is talking with her hands or simply ask if she can repeat what she said. Other than that, this course is very fun and a great experience to learn a new language.
