She gave me the same grade on each one with absolutely no feedback and told me I should get a tutor instead of help.

## Were cultural units included?

## Were they interesting or helpful?

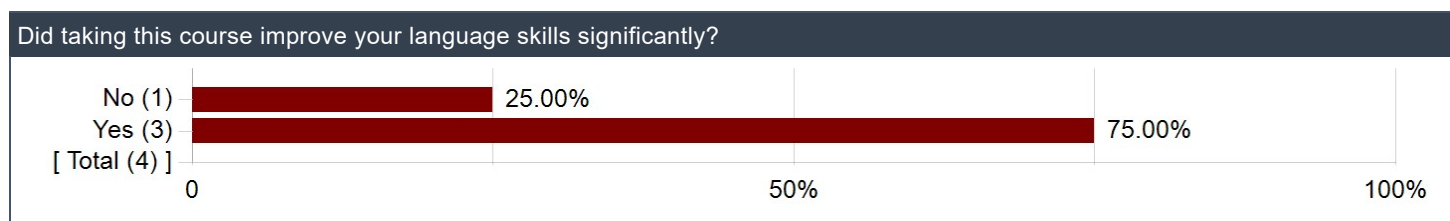

## Overall, would you say you had a good instructor?

## Why?

Comments
She grades so harshly and favors heritage speakers. She is so rude and made me pull out my phone at the first class to prove to her that I tested in.
helpful and organized
Very professional and supportive of the learning process.

## Did taking this course improve your language skills significantly?

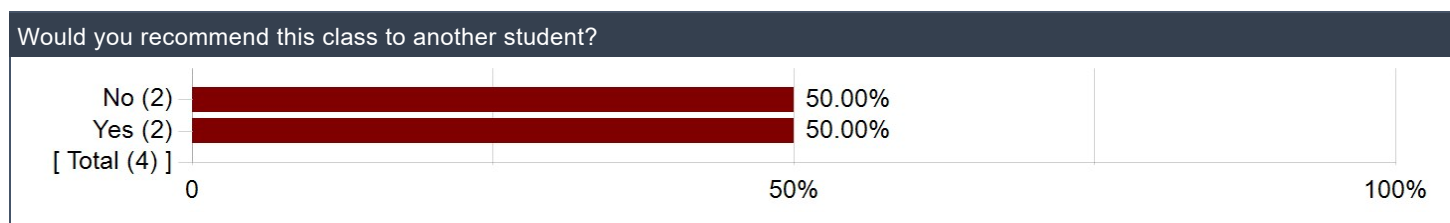

## In what way?

Comments
The class is not helpful and I don't think the language requirement is fair since I have taken Chinese for 7 years already
helped with grammar
Speaking, reading, and writing were all stressed throughout this course.

## How would you improve this course?

Comments
Less classes— less quizzes— no mandatory attendance
n/a
We do not need to meet 5 times a week or stress handwriting so much with twice weekly written quizzes. Realistically, more time spent on speaking rather than handwriting would go a lot further with real-world applications.

## Would you recommend this class to another student?

## Why?

Comments
It was so bad.
helped with learning Chinese a lot
For a core language requirement, this course was very useful but exceeded many other courses in terms of time requirements.
A lot of work for a core class and instructor is not understanding or accommodating at all.
