Vocab was all from the textbook, mostly useful
Helped us on vocabulary quizzes and tests
The vocabulary was mostly useful as they were very common words that many people use. However, some of them were random

Describe the format of the class (lecture, drills, etc.). Was this format productive? Please be specific.

| It was often a mix of a lecture (reviewing vocabulary, learning new grammar structures using that vocabulary) and practicing with our peers and just speaking about things out loud based on what we had learned. We would also read some texts based on the textbook to practice reading comprehension. It was a very interactive course that allowed us to learn the grammatical structures quite quickly while also having fun. |
| Everyday 50 minute classes with slideshows and speaking. Extra practice made this productive |
| The class met everyday for an hour and 15 minutes. We would have at least a vocab quiz, writing assignment, and other exams (oral or written) per week. |

| We were given many resources and practice in class to ensure we were comfortable with the exam! It was nothing impossible and more fun actually. |
| Forced memorization of concepts but also conversational knowledge |
| Not really as our professor gave us outlines to help us prepare for our oral exams |

| She gave us a calendar at the very beginning of the first class to let us know all of the dates and exams that would be important. We often had things due almost every class, whether it be homework, vocab quizzes, writing essays, etc. She was really organized in letting us know about these early on, and nothing in the schedule changed. |
| Gave a clear roadmap of the course at the beginning |
| Professor Kim was very helpful and always attentive whenever you needed assistance. Also, she gave us a clear schedule in terms of what to expect for each class, which was really useful! |
