Amazin class, such a pleasure to study in this environment. I have learned so many things.
I learned important grammatical tenses, I practiced having conversations with native speakers, I learned a lot about cultural and social problems relevant to current day.
I learned more about the subjunctive tense and the correct ways to use it. Also, I learned more about Latin American culture, how to discuss discrimination and immigration, and how to express my thoughts and ideas in the subjunctive.

Describe how aspects of this course (lectures, discussions, labs, assignments, etc.) contributed to your learning.

Comments
Good balance between the various aspects of language learning. Material was interesting.
Lectures helped me grasp technical use of grammar and the proper uses of verb tenses. Discussions allowed me to practice speaking Spanish with very difficult and important topics. Assignments helped reenforce all of this learning.
Attending class every day was extremely beneficial because it clarified and reinforced a lot of concepts. The assignments were beneficial as well for practice and the building of skills. The discussion posts allowed us to research related topics and practice using the new grammar concepts we learned.

Thinking about your time in the class, what aspect of the instructor's teaching contributed most to your learning?

Comments
Professor Moraga's lectures and facilitation of participation/discussion contributed the most to my learning.
The class activities where we would fill in the blanks with our groups and review our answers with her were helpful. It allowed us to practice the new grammar and vocabulary we learned in class through additional activities.

What could the instructor modify to help you learn more?

Comments
N/A – everything was great!
More time with the class activities and explanation would be more helpful because sometimes it felt rushed and we moved on without me understanding the answer.

Medium difficulty
Fairly Difficult
I am not a heritage learner of Spanish and this course was fair. The structure is the same as the entire 200s sequence and it's fair if you study the textbook.
