Comments
The problems were helpful for the quiz
I really enjoyed the flipped style of the class and think it was beneficial to learning
Discussions were quite interesting and working on in–class problems with others heightened my understanding of the mechanisms contributing to Global Warming.
in class mini lectures and practice problems in class were very useful

The in class explanation portions
The flipped aspect of the course was great, but sometimes led to distractions. My group was always focused but there were several groups around us that were quite rowdy. Otherwise, David was a great lecturer.
I absolutely loved the format

Maybe more time for questions
I wish there was actually less discussion time, to prevent groups from getting too rowdy and disruptive.
