Almost every two days, we moved onto a new section of the textbook. The instructor made sure that we were able to understand the conversations and had us practice with each other.

Vocab quiz for every new conversation. These vocabs will be used extensively in the lesson and in the following lessons.

Describe the format of the class (lecture, drills, etc.). Was this format productive? Please be specific.

| Comments |
|---|
| The format was lecture and interactive conversations. Once we learned dates and days of the week, we had to inform the instructor of the dates and day at the beginning of each lecture. Then we moved on to a quick review of what was covered last time and learned the applications of new grammar rules. In order to reinforce this, we often went around in circles answering questions from the instructor. I personally believe this was a very productive and informative format. |
| go over workbook material. it was helpful because we learned new vocabularies and new grammar rules |

Comments
Soye Im. She was the language assistant who graded a majority of my workbook assignments and with whom I had all my language sessions with. Her grading was efficient and timely. She was also very nice and encouraging, especially during the language sessions. Often helping me correct my pronunciation and patient with any mistakes I made. Her feedbacks at the end of language sessions were also very helpful and helped me become more confident in speaking Korean.
